Utvärdering

Sammanfattning av kursvärderingen: Se följande sidor.

Lärarens kommentarer: Pga coronarestriktioner så har föreläsningarna filmats och streamats via zoom. Det är ju inte lika bra som att föreläsa "live", men har ändå fungerat hyggligt. Jag har märkt att många av dem som presterar bäst på den här kursen tenderar att vara fysik-studenter, vilket skulle kunna vara skäl för eftertanke. Tyvärr så har mycket få kursvärderingar kommit in, och det är svårt att dra några säkra slutsatser av dem.

Utvärdering av förändringar sedan förra kurstillfället: Inga ändringar vad gäller kursens innehåll.

Förslag till förändringar inför nästa kurstillfälle: Nej.

Sammanställare och datum för sammanställningen: Yacin Ameur, 1 Mars 2021.
